PROFITEERING ACT HAS TEETH AT WOODRAVERS

Conscienceless Commercialists' Riding to Fall, Says Federal Representative in Address at League Meeting

Berkeley Women Are Urged to Cut Down Extravagance and Assist in Struggle Against Inflated Price Necessities

Declaring that the amended Lever act is provided with teeth sharp and long enough to reach the profiteer, and that the "conscienceless commercialists" are riding to a fall, John H. Atwood, representative of Attorney-General A. Mitchell Palmer, addressed the Berkeley Housewives' League this afternoon in the auditorium of the Washington school.

Atwood's speech, which was received by the women as the latest word from the department of justice, was a plea and a promise of action against the profiteer and an admonition against extravagance. He denounced high prices as the cause of unrest and bespoke the inclusion of simple moral truths into the business code.

The fact that nearly 6,000 people have been arrested and will be deported to stop, at least to some extent, the spread of what may be termed revolutionary propaganda, that all substantial conservative people of both parties have applauded the administration's activities in this particular, demonstrates that all recognize that a vast discontent obtains in America today.

SOCIAL UNREST MAKES AGITATORS DANGEROUS.

Now 6,000 persons in a population of 110,000,000 are in and of themselves a negligible minority, but their power for harm as a subversive force is not negligible. It is present a social unrest, that sense of maladjustment of economic conditions, that belief in a coming social revolution, that causes many thousands, aye, of millions, to become eager listeners to, and ready believers in, these political social notions that are a menace to the country that make these new social communist doctrines dangerous.

When men and women are content, feeling themselves as being dealt with fairly, the apostles of war and strife and revolution can do no harm; but when the minds of men are receptive to these revolutionary notions, then and only then do agitators become dangerous. It is not enough to endeavor the republic, and yet may be enough to make it a menace to the republic's peace and stability. It is not enough to endeavor the republic, and yet may be enough to make it a menace to the republic's peace and stability. It is not enough to endeavor the republic, and yet may be enough to make it a menace to the republic's peace and stability.

HIGH PRICES FIELD LEAD TO LEADING CAUSE.

Not the least of these causes is the high prices that we must pay for life's necessities. Above those prices, and the situation is helped or hurt, in Washington during the coal conference, I heard a hundred times this from the coal miners' representatives: "Why should we not get our share of the nation's wealth? Why should we not get our share of the nation's wealth? Why should we not get our share of the nation's wealth?"

In a word they feel that they are being discriminated against. What is true of the miners is true of all other workers and of the consuming masses generally. The situation is helped or hurt, in Washington during the coal conference, I heard a hundred times this from the coal miners' representatives: "Why should we not get our share of the nation's wealth? Why should we not get our share of the nation's wealth? Why should we not get our share of the nation's wealth?"

You say, exceeding all these things to be true, what can we do? My answer is two things at least we can do. We can stop the profiteer and we can diminish extravagant buying. When we attempt to demonstrate what produces these high prices, we find ourselves confronted with a complex problem. One of our troubles in dealing with this problem is that when we put our finger on one of the many causes that produce the condition we deplore, we are once convinced that we have solved the problem. Now many of the things that have combined to produce these results, are beyond our control; the limitation of production resulting from health into workers of wealth, of course produced price advances. The expansion of our monetary volume, too, has helped—how much no man knows, but some; the refusal of Eastern Europe to settle back into the normal, helps to the bad voluntarily dedicated.

PROFITEER MAY BE DOUBLY DEALT WITH.

The profiteer is here; he is a fact, but he is a fact that can be dealt with, and in two ways: One by persuasion and the other with a club. Many profiteers have been dealt with by persuasion, but not because they do not recognize the bad effects of that bad practice. Such all one can be responsible for. The one who refuses to hearken to the voice of reason and fair dealing, will be made to know that the amended Lever act has teeth in it, his property, or a part of it, to the distributing of the necessities of life—becomes a purveyor of food and clothes. The law becomes himself a necessity and he is forced to say, "I'll run my business as I please and profit all I can." And the right thinking merchant knows that.

When general competition was a fact, then it did much to right

CALIFORNIANS JOIN WET FIGHT

Saloon Man Jailed and Fined \$800

Wine Men Will Intervene in Action Initiated by Rhode Island Liquor Interests in the U. S. Supreme Court

Holdings Confiscated Without Reparation and National and State Rights Infringed, Will Be Contention Made

California wine manufacturers and distributors are to intervene in the action brought by the anti-prohibition forces of Rhode Island before the United States supreme court in the hope that the Rhode Island case will be strengthened thereby, Theodore A. Bell, attorney for these interests, announced today.

The court will determine Monday whether it will allow argument on the action or dismiss it, according to Bell.

The action is intended primarily to overturn the federal prohibition amendment, the petitioners holding that there has been an assumption of the commonwealth police power by the federal government that is not justified, either the state or the national constitutions.

The California interests will intervene as "interested parties," putting forth the contention that their holdings were confiscated without reparation and that rights guaranteed them under national and state constitutions were arbitrarily abrogated. Bell expected to start for Washington in a week to press the action.

CONFIRMATION AWAITED ON ROPER RULING.

Liquor dealers are awaiting confirmation of the rumor carried by a broker that the U. S. commissioner of Internal Revenue Roper is about to issue an order permitting dealer stock "salvage" their stocks of liquor. The possibility of a constitutional prohibition. By salvage, it is intimated, is mean authority to sell, but government officials have expressed the doubt that Roper would issue such an order, which would practically amount to repeal of the war time prohibition law.

The Federal prohibition commissioner, J. F. Kramer, at Washington, has been received a wire of instruction for the guidance of persons having private stocks of liquor at their homes or in their clubs. The wire said that private stocks may be moved about the same as other personal belongings when the owner is not a resident of the place of residence. Carriers who move the goods will be held responsible for the genuineness of the move, and good faith will be expected.

STOCKS IN CLUB LOCKERS. Persons residing in clubs as their actual home may have liquor there, in their rooms or in private lockers, for their own use and for bona fide guests. Liquor may be used by the cook in mince pies, puddings, sauces, ice cream, soups and the like, provided the finished dish does not contain more than one-half of one per cent alcohol.

The wire from Commissioner Kramer was received by Frank D. Madison, president of the Pacific Coast Club, in reply to a telegram for information on the subject.

Mrs. Stokes Calls Husband Degenerate

DENVER, Jan. 9.—Declaring in juvenile court that she would kill her husband, James and Juliette, before she would see them again into the custody of "my brutal and degenerate husband," Mrs. Helen Ellwood Stokes, wife of W. B. Stokes, right-millionaire New York hotel owner, created a tense courtroom scene today when Judge Lindsay ordered that the children should be given into the exclusive custody of their mother until February 1.

Judge Lindsay ordered that further hearings to determine permanent custody of the children be held later.

Von Brincken Freed From U. S. Prison

\$1,000,000 Fire in U. S. Liner St. Louis

NEW YORK, Jan. 9.—The damage to the American line steamship St. Louis, which burned at a Hoboken shipyard last night, was estimated at \$1,000,000 early today. The interior of the ship was destroyed and her plates badly warped. The origin of the fire is not known.

The St. Louis brought home so many French wives of American soldiers in her days as a transport that navy men called her the "bridal ship."

Returns Guaranteed Railroads Six Months

WASHINGTON, Jan. 9.—Continuation of the stand to return railroads for a period of six months after the termination of federal control was agreed upon today by Senate and House conferees on railroad legislation. In fixing this date the conferees accepted the Esch bill provision. The conferees will have limited the time to four months.

Revolution Comes in Prohibition's Wake, Says Pastor

(By Associated Press) SYRACUSE, N. Y., Jan. 9.—Revolution is likely to follow in the wake of prohibition, according to the Rev. Dr. C. Campbell Morgan, pastor of Westminster Chapel, London, now visiting in Syracuse.

"Whenever a great country banishes strong drink it must prepare for a revolution," he declared from the pulpit here. "When a man stops drinking he begins to think. All that happened in Russia in the revolutionary line has occurred since vodka was abolished. Whenever London goes dry, her East End will arise."

Commenting on prohibition in the United States, Dr. Morgan said: "I will be wonderful when the country is made dry and adjusted to it, but it will be some time before you get settled down."

CIER'S WINE ON WAY TO HIS HOME EXCITES FRESNO

That wine, corked and sealed and further used up by the red tape of the contract deposit plan, possesses all the potentialities for excitement was revealed this morning when the Fresno police discovered a truckload of the liquor in the wholesale district of that city.

With the memory of the theft of \$16,000 worth of whiskey from a government bonded warehouse in San Francisco in their minds the Fresno police sent out messages that they believed they were on the trail of the thieves. They took another look at the barrels, perhaps caused by the fact that the wine was corked and sealed and further used up by the red tape of the contract deposit plan, possesses all the potentialities for excitement was revealed this morning when the Fresno police discovered a truckload of the liquor in the wholesale district of that city.

Wages Pass Prices, Hines Tells Rail Men

WASHINGTON, Jan. 9.—Director General Hines of the railroad administration, has replied to the railroad men's demand for a 10 per cent wage increase to meet the increased living costs. It was learned today, the answer declares that statistics compiled by the division of labor of the railroad administration show that while wages of the railroad men have increased 100 per cent the cost of living to the men has increased but 100 per cent.

Efforts by Friends of Liquor Dealer to Interest Federal Prosecutors in His Belief Angers United States Atty.

Court Asked to Give Patrick J. Duffy Maximum Sentence and Judge Dietrick Sends Him to Jail for Ten Months

SAN FRANCISCO, Jan. 9.—Efforts by friends of Patrick J. Duffy, a saloon man charged with violating the war-time prohibition law, to interest federal officials in his behalf, resulted in Duffy being sentenced to a fine of \$800 and serve ten months in the county jail when he appeared today before United States District Judge Frank Dietrick.

When Duffy's case was called, United States Attorney Annette A. Adams, manifesting marked indignation, asked the court to impose the maximum sentence of \$1000 and one year in jail, charging that friends of Duffy had attempted to induce the assistant United States Attorney William J. Brannan to drop the case, also a United States district attorney, and herself, not to disclose to the court that Duffy several months ago had pleaded guilty to a charge of violating the war-time prohibition act and was fined \$100.

The court, without any comment, then imposed a sentence on the defendant ten months less than the maximum.

BATHING BAYS FOR ORDER IN COURTROOM. Imposition of the sentence was followed by an audible murmuring and shuffling of feet by spectators in the courtroom, and it was necessary for Court Bailiff Hunter to rap several times with his gavel before order was restored.

Duffy conducts a saloon at Sixteenth and Mission streets. The specific charge to which he pleaded guilty today was that of having sold, his bartender, William Finn, pleaded guilty to selling liquor and was fined \$100.

WOMEN SCORE VICTORY WITH MILK BOYCOTT

Producers Surrender in War With Housewives' League of Alameda County and Assert Discrimination Will End

Promise Given That Dealers Will Be Supplied Regardless of Resale Price; Fight Will Be Continued on High Costs

Housewives' leagues of Alameda county scored a victory today in their campaign to protect the milk supply of any dealer willing to sell at a rate less than the 16 cents a quart milk, the price set by the dealers' association, and milk is now offered at the old scale. J. A. Henderson, president of the Fairmilk's Association of California, has assured the women that the milk producers are obliged to supply milk to all responsible dealers without discriminating and without regard to a resale price.

The Walnut Grove Dairy is the first to offer defiance to the rulings of the association and this morning announced that milk would be delivered to consumers on a pay-in-advance system at 14 cents a quart, or 82 cents a pint, or on a credit system of 15 and 9 cents respectively. The milk boycott, which has provoked in the Eastbay cities since Tuesday, last.

WOMEN UNDERMINE TO GUARANTEE SUPPLY. The Walnut Grove Dairy expressed dissatisfaction with the ruling of the milk dealers' association, and on January 1 declared it was obliged to adopt the new schedule to protect its milk supply. Under the new schedule, the milk producers are obliged to supply milk to all responsible dealers without discriminating and without regard to a resale price.

The women of the Housewives' leagues are ready to redoubt their pledges that they would support the companies selling at less than 16 cents a quart milk, said Mrs. Jaffa, in distributing bills this morning, several sellers announced that they were subject to rebuke. The Walnut Grove Dairy rates will be effective tomorrow.

GEN. PERSHING TO SPEAK HERE JANUARY 25TH

Commander of the American Expeditionary Forces to Receive Great Welcome When He Visits Eastbay Section

Committee Chosen to Aid in Making Plans for Reception—Will Speak First at Greek Theater at the University

General Pershing, Commander-in-Chief of the American Expeditionary Forces in the world war, will speak in Oakland and in Berkeley on the afternoon of Sunday, January 25.

Definite announcement of the plans of the general and his party were made today, when it was revealed that the Pershing party will leave San Francisco at 2:40 o'clock on the afternoon of January 25, to be taken on a special Key Route train to the Greek theater at the University of California.

The committee chosen to aid in making plans for the reception of the general and his party will meet tomorrow afternoon at 10 o'clock to perfect their plans and to discuss the fully every phase of an occasion which is to bring the leader of the American forces in their victory in France, to the Eastbay community.

In their preliminary attention is to be paid to the fact that General Pershing has expressed the desire that he be accorded the opportunity to speak as many of the men who saw service in the war as is possible.

The committee includes the city commissioners and the following: H. C. Campbell, Captain Walter J. Peterson, Joseph R. Knowland, former Governor of California, and Austin O'Brien.

Hip Pockets in Men's Trousers Are Doomed to Discard

(By Associated Press) NEW YORK, Jan. 9.—Prohibition will sweep hip pockets in men's trousers into innocuous desuetude, according to a prediction by members of the International Association of Clothing Designers, who today issued an edict:

"Make them smaller and shallower this season."

Commenting on the attitude of the designers, George W. Hermann, a member of the organization, said: "It's illegal to tote such things any longer. Carry your handkerchief there and you can't put anything but wood alcohol to buy in your flask. So the pocket just naturally will shrink away."

500 HERE FACE CHARGES BY U. S. CENSUS OFFICIAL

More than five hundred persons in Alameda county face prosecution in the federal courts for refusing to give information to census enumerators and agents under Census Supervisor C. L. Donohoe are proceeding to bring proceedings against more than a dozen aggravated cases.

Refusal to give information to census enumerators is the first time, Donohoe points out, is a violation of law although at present there will be enough cases to fill the courts by prosecution of only those who have refused to give information after three and four attempts have been made.

PROSECUTIONS ARE HELD UP. Prosecutions for violations of the federal census act in Oakland have been held up by Donohoe pending a ruling concerning procedure and the timing of the census. Miss Frances Wilson, deputy district attorney in the office of Ezra Decoto, this morning said that she believes all prosecutions must be made in a federal court, and that the state courts or superior courts of the state are unable to hear cases involving refusal of persons to be enumerated.

Donohoe pointed out that the census act is a federal law, and that the federal courts are the only courts that can hear cases involving refusal of persons to be enumerated.

Leaders Deny That Bryan's Appeal to the Jackson Day Banqueters Can Split Party or Weaken Wilson's Control

Senator Lodge Says Message of President Dissipates All Hope That Senate Might Adjust Differences on Pact

By HUGH BAILEY, United Press Staff Correspondent. WASHINGTON, Jan. 9.—The Democratic party today was faced with the alternative of following Bryan's leadership and making the peace treaty an issue in the November elections or following Wilson's leadership and securing its ratification on the best compromise terms possible.

In the opinion of party leaders it does not seem likely today that Bryan's leadership in the Jackson day banqueters here last night and today—he finished his second speech at 2:30 a. m.—would have the effect of splitting the party or weakening Wilson's control.

Colorado G.O.P. to Send Five Delegates

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

DENVER, Jan. 9.—Colorado's delegation to the national Republican convention at Chicago will be unimpaired. That was the belief prevailing today in political circles following the meeting between William M. Hays, national chairman, and members of the State committee.

Hays urged the State committee to bring about harmony in Republican ranks of Colorado, to forget local and factional differences and to present a "solid front" before the coming campaign.

Factional strife, he said, is the only thing that can defeat the Republicans in the national election.

Colorado will send twelve delegates, headed by United States Senator Philip H. Thomas.

Chairman Hays was told Colorado favors General Leonard Wood first for the Presidential nomination, with Governor Frank O. Lowden of Illinois and Senator Warren Harding of Ohio in a close contest for second choice.

A banquet was given last night in honor of the visiting national chairman.

VOLCANOE IN MEXICO RAZE MANY TOWNS

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

MEXICO CITY, Jan. 9.—Seven towns near Teocelo, south of Jalisco, have been overthrown by the earth disturbances and a great havoc is being wrought in the region, according to a message received this morning from Teocelo through Vera Cruz. Thirty-four bodies had been recovered when the message was filed at Teocelo.

The towns that were inundated are Tlatamalan, Quilezmitlan, Costaleca, Toluca, Ixtahuacan, Choluta and San Jose Velutichan. Every house in Teocelo has been made uninhabitable.

United Press Staff Correspondent.

MEXICO CITY, Jan. 9.—The combined death toll from Saturday night's earthquakes and volcanic eruptions which sent a part of the state of Vera Cruz today was estimated conservatively at 400.

Twelve towns and villages were reported completely destroyed.

The volcanic eruption, according to dispatches in the newspaper El Universal last night, caught the 20,000 people in a new situation of fear. A small range of mountains known as the Cerro de San Miguel near Cordoba, Vera Cruz, was the scene of the latest catastrophe. One hill split in two parts, the despatch said, throwing a great stream of lava and sulphurous gases into the air. A stream of lava 800 feet wide was flowing from the fissure last night, the despatch said, and spreading out over the plains below the mountains. Registration of earthquakes continued, the despatch added.

The sudden volcanic upheaval came without warning, according to notices here. Farmers were working in the fields at the base of the hills when the eruptions began. Many of them were killed, while their herds were caught in the rivers of flaming lava.

WOMAN AIDS IN MURDER, CHARGE

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE.

ROCHESTER, N. Y., Jan. 9.—James L. Odell, 31, and his wife, Pearl, 19, were both charged with first degree murder today following the uncovering by the police of the killing of Edward J. Knapp, 21. Knapp's mutilated body was found by detectives in a lonely spot near the junction of the Scottsville and Mosquito Point roads several miles southwest of here. His face was smashed in with a heavy instrument, said by the police to have been a steel tire.

Odell made a confession to the detectives, according to an announcement by them.

Knapp was taken from the Gleason works, where he was employed, on Wednesday, by Odell, who posed as a detective. Together with his wife he drove Knapp in a taxi to a lonely point along the Mosquito road and there handcuffed him to a tree. Then, according to the detectives,

these things; but we all now know that competition has been largely eliminated and that fact makes it more imperative that the merchant shall write into his business code some of these simple moral truths chief of which is that he who respects more value than he receives back, is to that extent a robber, and the one who does that with food, helps to starve the babies that go without proper nourishment.

J. G. Spencer of the Pacific Cooperative League, spoke on the store chain system.

PIERCE ARROW "The First Fifty"

True standardization is possible only with Pierce-Arrow Trucks. In many of the great Pierce-Arrow fleets of today, trucks four, five, six or seven years old earn profits as dependably as do their mates of more recent manufacture. One stockroom serves veteran and youth alike.

Vestrymen Selected by St. Mark's Parish

BERKELEY, Jan. 9.—With Rev. W. H. Hodges presiding, the annual meeting of St. Mark's parish was held this week at the parish house. Churches represented were St. Mark's, All Souls' Chapel and St. Clement's.

Report submitted showed all church debts paid, the purchase of additional land and the acquisition of a new organ for all souls chapel. The annual election of vestrymen resulted as follows: Senior warden, Victor J. Robertson; junior warden, Professor P. S. Minor; clerk, George Robinson; acting treasurer, Fred W. Payne; vestrymen, Gen. H. E. Greene, J. E. Kilduff and Horace Lansing.

Criminal Taken Here Considered Fortunate Catch

JOHN KENDALL

Youth Now Held in Local Jail On Charge of Assault is Wanted Elsewhere.

John Kendall, the youthful criminal captured yesterday morning by Patrolman J. J. Murphy after a sanguinary battle in the Newport Cafe, is now held in the city jail on the charge of assault with a deadly weapon with intent to commit murder.

Further investigation by the Oakland police authorities into the record of Kendall's criminal career reveal the fact that one of the most dangerous crooks in the West was captured by Murphy, with the assistance of F. M. Bryant, 670 Sybil avenue, San Leandro, who first gave the alarm after following Kendall from San Leandro.

Besides being wanted in Seattle and San Francisco, the police have learned that Kendall has a criminal record in Portland, where he was arrested by police.

Police departments from many western cities have telegraphed their congratulations for Kendall's capture to the Oakland police department.

Body of Dead Flyer Sent to Cleveland

BERKELEY, Jan. 8.—Following intensive searches yesterday afternoon, the body of John Conrady, 22-year-old aviator, was discovered while climbing a pole at Ninth and Harrison streets, was shipped to Cleveland, Ohio, last night for burial.

An American flag was draped on the casket, with red berries and crossed palms also placed there by Mrs. C. A. Tusch, known to aviators as "Mother" Tusch. Additional floral offerings were contributed at Mather field by former fellow officers of Conrady.

Conrady's mother, Mrs. Martha Conrady, resides in Cleveland.

Stenographers Attend Lions' Den Luncheon

BERKELEY, Jan. 9.—Red-headed, blonde brunettes and all the other types of stenographers graced a luncheon yesterday at the Berkeley Den of Lions held at the Hotel Shattuck.

Members of the den were told to give their stenographers to the gathering. Those without stenographers were accompanied by wives or daughters.

Ray O. Long, president of the den, presided over a program in which the stenographers took a burlesque of themselves with good grace.

SOCIALISTS TAKE 'WORLD' FROM 'REDS'

The Socialist local, comprising the "right" wing of the party, has officially divided itself of responsibility for the Communist Labor Party, which is under police and federal ban, and taken back control of the "World," the organ of which in the former building, have several times been raided by the Oakland "loyalty squad." H. C. Tuck, long a leader in Socialist local ranks, has taken the "World" over, and henceforth the publication proposes to stay within the law.

All of this, including a denunciation of the radical element of the party for having previously seized the paper and attempted to "take" the party, is included in the leading editorial of the publication as it appeared today under "regular" Socialist auspices. The paper bears the name of Tuck as editor, and of Florence Logan Johnson as business manager.

SEVERELY CRITICIZED

The editorial is primarily in reply to a circular recently issued by J. E. Sawyer, federal judge, and under indictment for criminal syndicalism, and three other members of the Communist Labor Party. The "World" Socialists were severely criticized therefor for taking over the paper. They announced, "The World is dead," and promised a substitute organ in its place. They accused the federal judge of "trying to treacherously suppress the voice of the World from us."

The present promoters of the weekly declare that they did not receive its publication until the Communist proprietors had been jailed, indicted and prevented otherwise from printing it and after three weeks had lapsed from its sequence. They say they would have sued the Communists for seizing the paper in the first place if their arrests for criminal syndicalism had not made such suit impossible.

HAVE TIED UP MAIL

The dispossessed Communists have left at its office Monday evening at the World's machinery. They have tied up its mail and prevented the Socialists receiving it pending a decision from Washington.

It is announced that the "World" is to be continued as a "straight" Socialist organ. The Socialist party is not under federal ban, and the Socialists are in complete possession of the "right wing" who refuse to go into the taboos of Communist groups.

Botanist to Talk On New Zealand Plants

New Zealand plants will be the subject of a lecture tomorrow night at 7:30 o'clock in agricultural hall, University of California, by Professor A. H. Cockayne, official New Zealand botanist. The lecture is the first of a series under the auspices of the California Botanical Society. A later date trip will be conducted to Redwood Park to study the native flora. Cockayne will also lecture on the study of the California flora as they grow in their appearance.

Bench Warrant for Oakland Man Sought

Application for a bench warrant for the apprehension of Albert Villoto, a resident of Oakland, was made yesterday by Assistant United States Attorney Tully, charging Villoto with violation of the national prohibition law. Villoto is said to be living in the city. He has been twice arrested for violation of the prohibition law by internal revenue agents and was at liberty on \$2000 bail. Attorney Tully asked United States District Judge Peterson to increase the bail to \$5000.

WHAT OF LILY DALE? LEWIS HUNTS GHOSTS

United States senators, congressmen, judges and nationally prominent financiers are among the known contributors to the famous Lily Dale colony spiritualist assembly in upper New York state.

Here John Slater and Pierre L. A. Koeber perform what appear to be miracles almost daily. Country folk from miles around and wealthy patrons from afar journey to Lily Dale, to communicate with loved ones who have passed beyond.

But Lily Dale is under searching investigation at the hands of Senator Lewis, noted American socialist. Lewis in next Sunday's TRIBUNE will recount his findings and tell what happened when he tried to get messages from Alfred Henry Lewis and others.

STEEL WORKERS PLAY NEW FIGHT

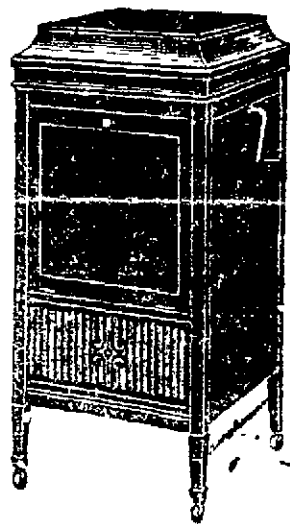

BY ASSOCIATED PRESS.
LEADS WIRE TO TRIBUNE.
PITTSBURGH, Jan. 9.—Organizers, steel workers and international union heads interested in the nation-wide strike of steel workers, which went into effect September 22, were in receipt of an official order today from the national committee calling off the strike.

The order declared the committee's decision was forced by "rule of a misuse of power" by the steel corporation, the press, the courts, federal troops, state police and many public officials in that they denied steel workers their rights of free speech and free assembly and the right to organize.

The order added that the union would launch an immediate campaign to further organize the workers "and will not cease until industrial justice in the steel industries has been achieved."

DAY INDUSTRIES PLAN BIG SHOWING

Following the lead of the Oakland Chamber of Commerce, the San Francisco Chamber of Commerce is giving its support to the proposed San Francisco-Bay Area Industrial District, the purpose of which is to bring into a single group the vast industrial establishments in this district that a more representative showing can be made when the industrial census is taken.

San Francisco has proposed to extend the limits of its section of the joint district to take in territory as far south as Los Gatos, north as far as Petaluma and Napa, and east to a point including Sausal Bay and Antioch.

The Oakland Chamber of Commerce has established the Oakland Industrial District to include an area extending from the Contra Costa line to the eastern line of Alameda county. In this way, it is pointed out, all of the big manufacturing plants on this side of the bay will be taken in.

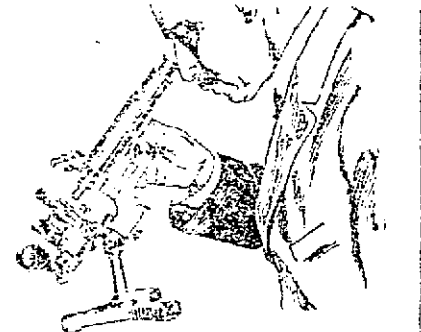

It was the hope of officials of the Chamber of Commerce that this move to have a metropolitan district for the Eastbay cities separate from that of San Francisco, but San L. Rogers, director of the United States bureau of census, opposed the plan and suggested the larger metropolitan district to include both sides of the bay. From this plan the Chambers of Commerce of Oakland and San Francisco are now centering their efforts.

Attention was made in a recent act of congress for the collection of statistics of the products of manufacturing industries every two years beginning in 1921, in place of an industrial census at five year intervals. This beneficial change calls for a speeding up of all census taking processes and for more efficient, prompt and complete returns, officials of the Chamber of Commerce say.

Baldness

—Is rapidly increasing—says Prof. John H. Austin, Chicago bacteriologist, hair and scalp specialist, of 40 years' practice—and is in many cases directly or indirectly caused by

Alopecia Pityrodes

—a very common scalp trouble. It starts with a scaling of the scalp, sometimes called dandruff, sometimes abundant, producing thick, greasy-white, dry or greasy scales which lead to falling of the hair.

At first, when the hair starts to fall, it is hardly noticed, but as the alopecia Pityrodes becomes deep seated, and the scalp becomes itchy, red and inflamed, the falling of the hair becomes rapidly and in some cases the hair becomes permanently bald. The scalp becomes itchy, red and inflamed, and the hair becomes permanently bald. The scalp becomes itchy, red and inflamed, and the hair becomes permanently bald.

ARREST MARINES CAUGHT IN STORM

MARE ISLAND, Jan. 8.—Turned back at Alta, Placer county, on account of the storm, Lawrence D. Phillips, and Jack Fletcher, 23, and 24, who were attempting to cross the Sierra Nevada in an automobile, were arrested yesterday in Placer county. The two made their way from Vallejo without mishap, but the heavy snow at Alta prevented their crossing the mountains. They told the sheriff they intended to go on to the Mokelumne where their relatives live.

Pleasanton License Ordinance Adopted

PLEASANTON, Jan. 8.—The board of town trustees this week put in effect the new ordinance which will take care of all licenses in the future. After some three months' work the new ordinance was finally adopted on January 8 and is now in effect. The ordinance covers every business and a basis of equalization has been used. Fred Pence, who conducts the bootblack stand near Rosa's barber shop, returned from the county hospital near San Leandro Saturday night.

HAYWARD TO PAY INCREASED WATER RATE

Sustaining the contention of protestants that part of the acreage owned by the Hayward Water company is not necessary for the production of sufficient water to supply its customers, but holding that the company should be allowed the cost of operating its steam pumping plant, the Railroad Commission today authorized the company to increase its rates. In its order the commission directs the company to immediately reduce the rate on the system that causes heavy loss of water. Hayward has just voted approximately \$150,000 for a municipal water system. The private company's plan is being considered. It is the intention to offer the company a sum for the purchase of its plant, based upon the valuation, and if this plan fails, to construct an entirely new municipal system. A previous rate schedule fixed by the commission has \$1 per month for a minimum of 300 cubic feet. This rate is included in the new schedule. The first charge being made in the charge for between 300 and 500 cubic feet, which is increased from 25 cents for each 100 cubic feet to 35 cents. For all over 500 cubic feet the charge will be 25 cents per 100 cubic feet as against the old rate of 15 cents. For water for street sprinkling and sewer flushing the rate will be 25 cents per 100 cubic feet instead of 15 cents. No change is made in the hydrant rate. Referring to the claims of those who oppose a rate change, the commission should use a rate which is operated until the commission says: "Attention is directed to the fact that this plant was installed at a time when the price of fuel was much less than at present and it would most assuredly be unfair to the company to deduct from the rate base and maintenance and operation expense the expenditures incurred because of this plant."

\$50,000,000 IN FRUIT SOLD BY STATE COMPANY

SACRAMENTO, Jan. 8.—Business in excess of \$50,000,000 was done last year by the California Fruit Distributors, according to a report submitted at the annual meeting of directors last night. H. E. Potter of Penryn was elected president, Robert E. Harris, Sacramento, treasurer, and Charles E. Yarden, Sacramento, secretary.

BOARD SETTLES INKMAN'S CLAIM

The charge made by Charles E. Pites at the last meeting of the school board that he had been "frozen out" in a call for bids for the supplying of ink and paste for use in Oakland schools, was tabled and disposed of by the board last night following a report of the incident from Secretary Lloyd D. Barzee. Barzee reported that Pites, who is proprietor of the Pites Ink company, had been left out of the original call for bids through an oversight, but that his bid had later been received and considered with others. The board was declared closed by the board on the suggestion of Director Fred Campbell. A survey of the Chabot Observatory, with the purpose of completing the interior finishing of the building, was ordered by the board last night and Director J. Logan Peace, chairman of the building and grounds committee, was directed to take over the survey at the request of Professor Charles Burkhalter, director of the institution. The board made the following assignment of directors to distribute diplomas at graduation exercises in the different high schools: Director W. H. Edwards, Oakland High School; Mrs. Daisy Short, Fremont High School; Director Fred Campbell, Vocational High School; J. L. Loran, Peabody Technical High School; Director J. F. Chandler, Intermediate High School; Director E. A. Young, University High School.

PLAN OFFERED FOR AVOIDING STREET JAMS

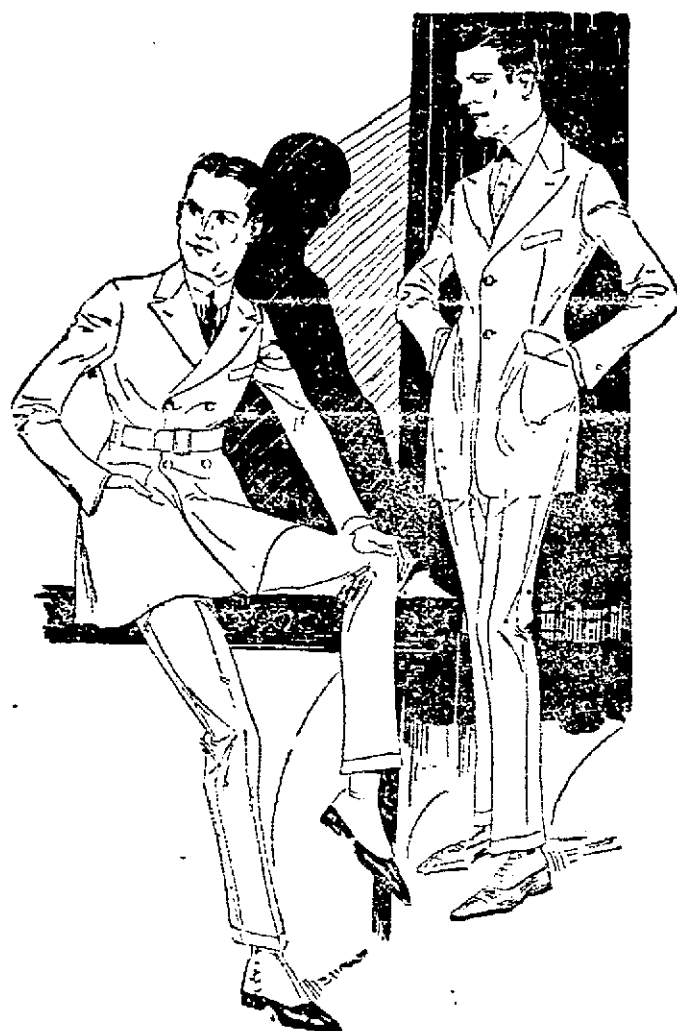

An elaborate system of street openings and extensions advocated by the Downtown Property Owners' association with the idea of obviating congestion in the business section of the city, was submitted to the city council this morning by Councilman William J. Hickey. The projects submitted by the property owners will be discussed by the council at a meeting next Wednesday. In submitting the plan Barzee suggested that a committee of five business men be named to review the proposals contained in the report and to submit a report to the council with some recommendation after a thorough investigation. The council will take up the project next Wednesday. PROJECT OUTLINED. The plan proposed includes the following street openings and extensions comprising the general scheme: An arcade for pedestrians to extend from Broadway to San Pablo avenue at Fifteenth street. Extension of Clay street northerly from San Pablo avenue to Twentieth street, and the widening of Twentieth street from Telegraph avenue to Harrison boulevard. Widening of Seventeenth street from Telegraph avenue to Franklin street and its extension easterly to Jackson street, also the extension of Fifteenth street, from Franklin street to the lake. Extension of Jefferson street from Seventeenth street to San Pablo avenue. EXTENSION TO BE EXTENDED. Extension of Castro street northerly from Twentieth street to San Pablo avenue. Rio Vista Editor is Hurt in Auto Upset

RIO VISTA, Jan. 8.—C. W. Flood, editor of the Rio Vista News, suffered a badly sprained shoulder, and badly damaged. A passing auto picked up the wrecked party and brought them on to Rio Vista. GET COUNTED—MAKE IT QUARTER OF A MILLION.

Supervisor Thomas McCormack, F. J. Kalber, city clerk, and J. Isham, local resident, were more or less bruised when the automobile in which they were riding skidded on the Suisun road, crashed into a fence and turned over. The car was

A NASTY COLD EASED AT ONCE

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours

Don't stay stuffed up, get blowing and snuffing! A new "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

Blocked-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest, relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's—advertisement.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery cures so promptly checks it

IT'S natural you don't want to be bothered with a cold or cough. You don't want to develop a habit. Now when you can get such a prompt, successful remedy as Dr. King's New Discovery, it's no wonder that the standard relief every body has is this. It's quality is as high today as it was when it was first made. It's been working steadily in popularity for more than fifty years. It's a cure for a little or all of the disease.

TARDY BOWELS, INERT LIVER

They are not what you put through your bowels. They are not what you put through your bowels. They are not what you put through your bowels.

Feel right for anything—make the bowels function. With Dr. King's New Discovery, you can get the bowels to function. It's quality is as high today as it was when it was first made. It's been working steadily in popularity for more than fifty years. It's a cure for a little or all of the disease.

Foley's Honey and Tar COMPOUND

IS PLEASANT TO TAKE, and cures the raw, inflamed surfaces; stops the itching, stinging feeling in the throat. It is made of the purest, freshest and finest ingredients and contains no opiates or other harmful drugs, and is as much to make as any medicine of it.

Every User a Friend. It is a cure for a little or all of the disease.

GARAGE PERMIT IS AGAIN DENIED

Protests of the Fabiola Hospital Association against the second effort of R. H. Adams to secure a permit for a public garage near the Fabiola Hospital in Broadway, near Moss avenue were sustained for the second time by the City Council this morning and the application denied. Several weeks ago Adams was granted a permit to build a garage, but it was later revoked by the council at the request of the members of the hospital organization, and the second application by Adams was considered by the council this morning.

Immediate action by the municipal authorities on the construction of a sidewalk in Brookside avenue was asked for by a communication presented to the council by the Oakland Development Company. The communication contained the statement that although the request for the work was presented a year and a half ago there still remains fifty feet of sidewalk unconstructed. The project was referred to Commissioner of Streets William J. Eugene.

U. S. Orders Release of Five Radicals

Release of five more radicals on orders from immigration authorities at Angel Island and refusal of Judge James C. Quinn to postpone the trial of Anita Whitney, prominent clubwoman and lecturer, accused of criminal syndicalism, for three months to permit the presence of Gail Leuchlin to aid in her defense, were Oakland developments today in the move on dangerous radicals.

Sheriff Frank Barner was not advised as to the reason for the release, but he said the five had given bail of \$10,000 and which they were held. They are Mrs. Frances Hoffman, Tony Landish, Marjorie Hoffman, Willy Frederic Bauman and Edward Kieckhefer.

Miss Whitney pleaded not guilty late yesterday. Judge Quinn overruled a demurrer argued by her attorney, J. E. Pennington. He then set the trial for January 27. When Pennington urged the delay to be forward three months to allow for Gail Leuchlin's presence, the court declared he saw no necessity for such delay.

Edwards to Face Impeachment Action

Impeachment proceedings against W. H. Edwards, commissioner of finance and revenue, are shortly to be brought in the superior court of Alameda county by a resolution of the Board of Supervisors of Alameda county. The resolution was introduced by Albert M. Armstrong, an attorney in the Bank of Italy building. Armstrong declared he was acting in the name of the county and that the purpose was to remove from office a person who had been declared incompetent by the court. He said that the purpose was to remove from office a person who had been declared incompetent by the court.

Girl Believed Held Captive in Berkeley

BERKELEY, Jan. 8.—Berkeley police are looking for the capture of a man and woman, who were reported to be in Berkeley. The man is a white man, about 30 years old, and the woman is a white woman, about 25 years old. They were reported to be in Berkeley.

"Meanest Thief" Robs Child's Bank

This morning Mrs. Lauretta Walker, 2141 Third street, reported to the police that a thief had broken into her home at night and robbed a child's savings bank. The thief was a white man, about 30 years old, and the woman was a white woman, about 25 years old. They were reported to be in Berkeley.

HUSBAND SCORED; ALIMONY DECREED

Reprimanding Abe Applebaum for his conduct in trying to get his wife out of the way and instituting divorce proceedings against her while she was about to become a mother, Judge A. F. St. Sure today ordered him to pay \$75 a month alimony and \$50 in attorney's fees although Applebaum claimed he was earning only \$150 a month as a bookkeeper.

Mrs. Berina Applebaum told the court that her husband had sent her home to her folks in New York, leaving her goodbye at the station and then while she was away had filed suit for divorce. Having been served with the divorce papers Mrs. Applebaum said she immediately returned here and there was a reconciliation affected which only lasted for a short time. Applebaum then dismissed the first divorce suit and instituted a second action, meanwhile having her penitence. Mrs. Applebaum nearly fainted in the court room and was given assistance by the bailiff.

Conspiracy Charged by Will Contestant

Hearing in the estate of Humphrey A. Randall, in which Attorney Horace Phillips of San Francisco is endeavoring to set aside the will which left most of the \$50,000 estate to Mrs. Anne Bates Randall, second wife of the deceased, was resumed today before Judge Lincoln S. Church in the probate court. In contesting the will Phillips brought charges of conspiracy against superior court judges. The charges were based on the fact that Phillips had been charged with the duty of defending the will, but he had refused to do so. Phillips had refused a settlement on the fact that he had been charged with the duty of defending the will, but he had refused to do so.

John Muir's Widow Leaves \$10,000 Estate

MARTINEZ, Jan. 8.—A petition for probate of the will of John Muir, widow of John Muir, naturalist, was filed in Probate Court here today by Thomas R. Hains of Crocker. The estate of John Muir, who died in Alameda county and is valued at \$10,000. The heirs are Mrs. H. A. Muir and Mrs. Wanda Muir Hains, daughters of deceased.

MARINER RETURNS TO N. Y.

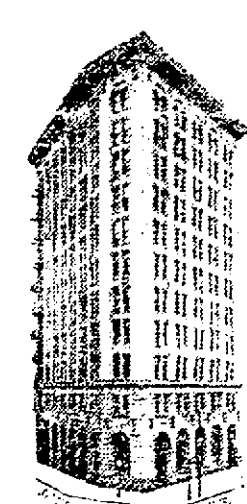

ALBANY, Jan. 8.—Captain Louis T. Ward, Alameda Bay and former U. S. naval aviator, has returned to New York after a brief stay here with his family. He is superintendent of the Merchant Navigation Corps of New York and was in the Atlantic during the war and was brought to Alameda by the ship "Albatross" which is now in the Shipping Board service.

MOORES DELIVER THIRTEEN SHIPS

The Moore Shipbuilding Company holds the record for the number of vessels delivered to the United States Shipping Board from the Southern Pacific District during the year 1919. Within the twelve months the company delivered thirteen vessels.

With a total dead-weight tonnage of 122,300 tons, the second place being held by the Bethlehem Shipbuilding Corporation, with ten vessels to its credit, totaling 112,000 dead-weight tons.

This showing of the Moore Shipbuilding Company was made in spite of two labor strikes during the year 1919, which paralyzed the shipbuilding industry of the Pacific Coast. That the company had outstripped its eight competitors was ascertained through an official communication received from the United States Shipping Board, carrying an itemized statement of the steel ship tonnage delivered by the various shipyards of the Southern Pacific dis-

trict during the calendar year that has just closed. Following is the record for the nine shipyards in the district during the year 1919:

Moore Shipbuilding Company, thirteen vessels, 122,300 dead-weight tons; Bethlehem Shipbuilding Corporation, ten vessels, 112,000 dead-weight tons; Los Angeles Shipbuilding and Drydock Company, ten vessels, 88,000 dead-weight tons; Southern Shipbuilding Company, ten vessels, 88,000 dead-weight tons; Western Pipe and Steel Company (Schaw-Batchelor Shipyard), eight vessels, 70,400 dead-weight tons; Long Beach Shipyard, six vessels, 44,400 dead-weight tons; six vessels, 44,400 dead-weight tons; Pacific Coast Shipbuilding Company,

three vessels, 23,200 dead-weight tons; Union Construction Company, two vessels, 18,800 dead-weight tons; Hanlon Drydock and Shipbuilding Company, two vessels, 10,700 dead-weight tons.

Governor of Korea Amplifies Reforms

TOKYO, Jan. 8.—Baron Admiral Minoru Saito, governor-general of Korea, in a statement issued here today, greatly amplified the program of the reform to be instituted in Korea. Japan will take measures to permit freedom of speech and assembly, according to the plan outlined by the governor-general.

OAKLAND MAY GET NEW POSTOFFICE

With the prospect of the selection of a site for a new and modern post-office building in Oakland, Postmaster Joseph J. Rosborough expressed himself today as highly pleased with advices from Washington to

the effect that hereafter the United States Treasury Department will seek suggestions from the Postoffice Department when sites are to be selected.

In regard to this matter the January issue of the Postal Record says: "The Postmaster General in his annual report for the fiscal year ended June 30, 1919, recommended that all sites for Federal buildings to be used exclusively for postoffice purposes be selected by the Postoffice Department. While Congress failed to act favorably on the proposed legislation, the object to be attained was partially accomplished

by an agreement between the Treasury and the Post Office Department, whereby the Secretary of the Treasury refers to the Postmaster General for review and recommendation all cases involving the selection of sites for postoffice buildings. This action enables the Post Office Department to have one of its representatives make an inspection of the different locations offered and submit a report regarding their relative desirability from a postal service viewpoint.

Inasmuch as the location of a postoffice has very material bearing on the cost of the delivery service and mail transportation, it is highly important that the Post Office

Department should have the right to select sites for postoffice buildings. Under existing law authority to select Federal building sites for postal purposes is invested in the Secretary of the Treasury."

482 12th Street, Oakland, 766 Market St., San FranciscoSCHOOL BOARD TO
QUERY H. P. ROSS

Chief Deputy County Auditor H. P. Ross may be subpoenaed to appear before the Board of Education to explain how he arrived at figures on which he based a report to the Board of Supervisors that there had been no loss to any school district this year through the withdrawal of operative properties for State taxation, according to the latest plans of President Floyd Gray of the school board, who has been placed in charge of the campaign to secure reimbursement from the county treasury for the Oakland School District for alleged losses sustained by "taxation change."

Although no decision has been reached as to whether the proposed court suit for the return of the tax money shall be prosecuted by the Board of Education or by an individual taxpayer, according to Gray, a Supreme court decision has been discovered under which the board will be allowed to prosecute the suit. Several large taxpayers interested in the fight have offered to act in bringing the suit, Gray says, and the Alameda County Tax Association is interested in the campaign. Figures are now being compiled showing the value of operative properties in the Oakland School District, and the entire county, going as far back as July, 1911, when the State amendment withdrawing the taxation of operative properties for State purposes went into effect. Controversies are being held between Gray and Attorney C. E. Snow, Jr. M. Fitzgerald and Roscoe Jones, who offered their services in the campaign, and a decision will be reached within a few days, according to Gray, on what course shall be pursued in the fight.

POLES OCCUPY
'RED' TERRITORY

PARIS, Thursday, Jan. 8.—(French Wireless Service.) The whole of the Kamensk-Podolsk, Proskurov-Starokonstantinov railway line now is in the hands of the Poles, according to advices from Warsaw. The Poles declare that the Polish high command intends to proceed with the occupation of all the region evacuated by General Denikin and not yet invaded by the Bolsheviks.

This region is said to be infested by bands of plunderers, who have been sacking and burning towns and villages and holding the inhabitants for ransom. An end is expected to be put to this situation by the Polish occupation.

LONDON, Thursday, Jan. 8.—Bokhara, capital of the important Khanate of Bokhara in Central Asia, and less than 200 miles from the Afghanistan frontier, has been entered by Bolshevik forces, according to war office reports. Further west, Soviet troops have occupied Krasnodar on the eastern shore of the Caspian Sea, it is claimed in reports from Moscow.

LONDON, Jan. 9.—The city of Novocherkassk has been captured by the Bolsheviks. It is asserted in a wireless message from Moscow today. The city was taken Wednesday after a battle of the most severe character with General Denikin's troops.

Novocherkassk is 20 miles north-east of Rostov, principal seaport of the Don Cossack region.

STOCKHOLM, Jan. 9.—Estonia has acceded to the request of General Yudenitch for the transfer of the latter's army to the Southern Russian front, where it will reinforce General Denikin, according to a Helsingfors despatch to the Tidningen.

Request Council to
Buy Sather Park

A large committee from the Chamber of Commerce urged the Oakland city council today to take action at once toward the purchase of Sather Park and Trestle Glen. Speakers said that if the two tracts were not obtained immediately, they would be subdivided by the Leimert Realty company. After long discussion, the matter was laid on the table but probably will be brought up next week, councilmen said. The board of directors and city interests committee of the Chamber of Commerce were among those present.

Mrs. Woodcock Gets
Case Continued Week

SAN FRANCISCO, Jan. 9.—Mrs. Alice Harris Woodcock, charged with murder in connection with the death of Edward Kelly who was shot and killed last November at Market and Van Ness avenue by Louis Woodcock, who was a partner in the crime, appeared for trial today before Superior Judge Louis Ward but had her case continued one week to be set at the request of her attorney, Senator William Kehoe. The continuance was granted by the court with the understanding that the trial will begin if possible on Monday, February 1.

Grip, Influenza

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle with the oil and mix the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever congested or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

COURT REBUKES
HUSBAND; SAYS
'PAY ALIMONY'

Declaring that the gossip of women about his divorce in the Pioneer Printing Works had compelled him to quit his job, Henry H. Smith today told Judge A. B. St. Sure that he could not and would not pay his wife \$50 a month alimony. Judge St. Sure ordered him to pay it anyway, and intimated that he had better change his mind or drastic action would follow.

Mrs. Minerva Smith sued, alleging that her husband had torn her clothes off and applied abusive epithets to her on numerous occasions, and on one occasion had struck her as she was getting into an automobile at a friend's home. The suit is still pending.

PLEA TO DISMISS
JURY IS DENIED

Contending that the jury had been prejudiced by the announcement made yesterday that Clarence McAllister, colored soldier, on trial for the murder of Arthur Woodward, also colored, during a gambling game, was desirous of changing his plea and by this announcement in the newspapers to that effect, Judge J. J. Jerome this morning made a plea before Judge James G. Quinn to have the jury discharged and a date set for a new trial.

Judge Quinn denied the motion following an argument during the absence of the jury. The court held there was no proof that any of the jurors had read the articles in question and reminded the defense that the jury had been cautioned to disregard the announcement of the change of plea.

POST AUXILIARY
ELECTS LEADERS

Following the annual election of officers held last week, members of the Post of the Auxiliary Legion will select an executive committee at a meeting tonight in the court room of Police Judge Samuels on the second floor of the city hall.

The annual election of officers of the Auxiliary resulted in Mrs. Howard Shute being returned as president of the organization for the ensuing year. The other officers chosen were: Mrs. Cornelia Moore, vice-president; Mrs. Francis Lane, treasurer; and Mrs. Julia Fahy, secretary.

Arrangements will be discussed at the committee's first meeting as a gathering place for the rapidly growing membership of the auxiliary, and one of the halls of the Municipal Auditorium, which is now used by Oakland Post of the Legion, may be secured again.

The success of the membership drive started by the women's branch of the national organization of former service men more than a month ago has resulted in the campaign being continued until at least the first of the coming month. Headquarters of the drive is located in the Liberty Hut at Fourteenth Street and San Pablo avenue, where the wives, mothers and sisters of Legion members are being enrolled in the auxiliary.

APRICOT TREE

There isn't a single unsold apricot tree to be had at any nursery in the state, a prominent local nurseryman declared today. The situation is blamed to the fact that budding of trees is done by young men and the heavy demands of the army forced the nurserymen to discontinue budding during the period of the war.

The nurserymen are also reported to be short 60 per cent of the buds of prune growers for increased planting and replacement in their orchards.

SIX LOOTERS ARRESTED AT ALAMEDA FIRE

With two square blocks in the center of the city laid waste by fire, Alameda today is taking stock of its loss and making plans for the new buildings which shall replace those destroyed by the blaze which raged for four hours yesterday afternoon, and which, for a time, threatened the entire city. Because the structures leveled were, for the most part, flimsy frame ones, it is now estimated that the damage occasioned is not more than \$225,000. Of this amount \$125,000 loss has been estimated to the owners of the buildings and \$100,000 to those who owned stocks and fixtures.

Alameda's burned district this morning presented the appearance of a devastated area occupied by troops in waiting. The guard against vandals' patrolmen stood watch all night.

WIDEN CHECKING FRAMES.
Reconstruction of the fire loss has shown to what extent the city is indebted to the combined efforts of the Alameda, Oakland, and San Francisco fire departments in holding back the fire line so that it did not include some of the larger structures which were thought for a time to have been doomed. The

Two views of the fire-devastated district in Alameda, where more than an entire block was destroyed and loss to the extent of approximately \$250,000 suffered, principally because lack of water made impossible checking the wind-driven flames until they had raged for three hours or more.

Citizens' National Bank and Central Fire House were saved, and with their concrete and brick walls acted as a barrier in front of which the fire fighters made a successful stand and turned back the flame front.

Three women were rescued from lodging houses, and a number of persons were slightly injured. Reginald Johansson, Oakland newspaper man, saved Mrs. Annie Rite from the Wilson House on Park street, and Alden McElraith and Harold McElroy rescued two women from a rooming house on the same street.

OFFICER PAINTFULLY BURNED.
When flames broke out on the corner of a building at the southwest corner of Santa Clara avenue and Park street and made it seem certain that the hotel business section of the city would go, Lieutenant George Daly of the police department, climbed to the roof and single-handedly extinguished the blaze. He is painfully but not seriously injured. Dr. C. B. Harris, with an automobile, saved machinery valued at \$10,000 from the Anderson shops.

Mayor Frank Otis and City Manager C. E. Hewes of Alameda took steps last night to care for any of the burned-out families, but the victims of the fire were cared for by friends or relatives and the city was not called upon to find lodgings or take other relief measures.

The fire tugs Scannell from San Francisco and the Ajax of the Southern Pacific steamed to the Park

street bridge to be of any help possible. Southern Pacific locomotives with strings of cars bearing water supplies and crews of firemen were sent from the railroad yards and guarded the Southern Pacific depot.

While there were numerous close calls every one was cleared from buildings without special danger. The crowds of spectators were well policed. Crews of firemen, police and volunteer workers went through the buildings seeing that all occupants were out. The police on the street kept the crowds from getting into dangerous places and also kept them away from mazes of overhanging wires, some of which fell into the streets.

FIRE LOSS ESTIMATES.
The fire loss is still largely a matter of guess work. The most conservative estimates run as low as

\$150,000 and other estimates run up to a quarter of a million or more. Many business firms suffered considerable losses through removing stock from buildings not actually reached by the fire. This was notably the case with L. Durein, shoe merchant, whose stock of shoes was carried into the street and dumped in various places, even being moved several times. Most of the stock was carried from the store in the individual cardboard boxes the shoes were in. Later several thousand of these boxes were thrown about Santa Clara avenue, the shoes being thrown from piles into wagons and dumped in various temporary storage places. Many pairs of shoes were stolen. The fire did not reach the Lurein store at all.

Stocks of groceries were dumped into the street, along with sporting goods stock, office fixtures, bakery goods, etc. Despite vigilant police work by the regular force and special officers, considerable quantities of groceries and bakery goods were stolen.

SIX ARRESTS MADE.
Six arrests were made, five boys of 13 and 14 years of age, who were later released on their own recognizance, and an Oakland man named Madeiros, who was captured with loot on his person and who is held in prison under \$200 bail.

All of the buildings between Lincoln and Webb avenues were of wood and burned freely. From the north side of Webb avenue the fire sprang across the avenue and destroyed the building occupied by the American Railway Express Company, and swept on to the Tucker building in the same block, where it was checked. Soon after the fire jumped Webb avenue it also jumped westward across Park street, and attacked the wooden Levee building at the southwest corner of Park and Bank streets, destroying the building and the Hoffman Cafe. It spread southward to the Mazzini hardware and sporting goods store. Here the brick wall helped the firemen in gaining the upper hand. The new Times-Star building, formerly the Dimeyer property, and Odd Fellows hall, with a second-story business structure on Santa Clara avenue, from Park streetward to Oak street, would have gone had the fire not been halted at the brick wall.

Burning embers set fire to roofs of a dozen stores on Park street, south of Santa Clara avenue, but did no real damage. The Webb avenue firehouse, a modern building, held the flames on the east from spreading after burning the express office building. The firehouse saved a row of cottages on the eastern end of Webb avenue. The high bell tower back of the firehouse caught fire and blazed like a burning beacon high in air, but only the top scaffolding supporting the bell was burned and the bell still hangs in place. The firehouse itself was not damaged.

GARAGE FENCES BURNED.
From the point of beginning the fire attacked the garage building and fences on the property of Mrs. Hannah B. Knowland, 2126 Lincoln avenue, but did not reach the resi-

den of Mrs. Knowland, which stands on a lot to the eastward of the burned garage and fences.

The row of buildings on the west side of Park street, between Bank and Lincoln avenues, did not burn. The building at the southeast corner of Lincoln and Park, occupied by A. Albertson, also escaped the fire.

Fire Chief Elliot Whitehead of Oakland responded to the Alameda fire chief's call for help with five pieces of apparatus and came himself to assist the Alameda chief. Chief of Police J. D. Lyman and a detail of twenty patrolmen also went to help police the fire lines. Chief of Police B. F. Becker of Piedmont and Fire Chiefs Sydney Rose of Crocker and Webster of Berkeley, also aided.

Chief Whitehead stationed a piece of pumping apparatus on the Oakland side of the canal and pumped through the working main to give additional pressure. The effect of this was quickly seen and the fire

men commenced to gain the upper hand just as the fire tugs arrived. There was no water pumped from the estuary.

The Eschley Water Company's officials and registering machinery this morning reported that there had been no shortage of water in the Alameda mains during the fire. The company tanks were not drained and a pressure of 25 pounds was maintained.

LIST OF LOSERS.
The chief losers, including both occupants and owners of destroyed or damaged properties are:

Eschley Express Company, Shannan Apartments, Sam Breyer Store, Anderson Machine Works, American Railway Express Company, Hoffman Cafe, L. Mazzini Company, L. Durein Hardware, Wilson Apartment House, Charles Locke's store, Blending estate, L. A. Konigshefer, A. J. Morle, Lerby Estate Company, L. P. Patton, Amy Young, Russ Weinstein, Muldooney estate, F. E. Reilly.

DEAN OF GIRLS BARS PUFFS ON THREE COUNTS

DENVER, Col., Jan. 9.—Powder puffs have been barred at the University of Denver by a ruling of Miss Anne McKeen Shuler, dean of women. Three reasons were set forth. Frequent and almost constant standing in front of the big mirror in the newly furnished women's study and reception room in university hall will wear out the new blue and rose rugs; the teen students roaming through corridors can see the women powdering; and, lastly, it is not dignified, according to the dean.

NEW RAID IS HINTED.
WASHINGTON, Jan. 9.—Another nationwide raid against the "reds" is in the making. The attorney general intimated very strongly, however, that there will be action shortly.

BOY IS FATALLY INJURED BY AUTO

Emilio Alarcon, a 12-year-old school boy, living at 722 Third street, was run down by an auto last night driven by H. N. Mosher, 2343 Eleventh avenue.

The boy sustained injuries from which he probably will die. Mosher states that the boy ran in front of his auto from behind a car that was parked at the curb, and that the accident was unavoidable.

Stephen Nevins, 3557 Grove street, received painful injuries last night when he was struck by an auto driven by an unidentified man at Forty-second and East Fourteenth street.

Potatoes Scarce With Price Advance Predicted

Commercially the potato stocks in California are virtually cleaned up for the season with the prospect of but few minor consignments reaching this state from other sections, according to local wholesale commission merchants.

Harvest potatoes will be sold out within the next few weeks and the supply of potatoes remaining in Nevada is estimated at approximately 80 carloads. Drought did serious damage to the Nevada potato crop last year and the yield was much lighter than that of previous years.

Reports indicate a scarcity of potatoes in all parts of the United States and prices have climbed to \$5.25 a hundred wholesale, and may go higher, dealers say, before many days.

FRED KRUMB ASKED TO ARRANGE SERIES FOR "B" CHAMPIONS

Schedule of Games in the Tribune League for Next Sunday Looks Very Good.

By EDDIE MURPHY.

The Class-B players of the TRIBUNE Midwinter League are full of ambition and base hits and things. Having almost completed their schedule the youngsters are looking for more action and are picking on their big brothers in the Class-A division. Yesterday the "B" boys sent a formal challenge to the "A" league through President Fred L. Krumb and the proxy is going to get busy in the matter right away. Fans who have been following the "B" division players this season look for them to give their older playmates plenty of trouble in a post-season series.

Not only do the youngsters want a series with the TRIBUNE class A winners, but they also want Krumb to arrange for a series with the winners of the Seals League. Krumb has been asked to do this, and he will put the proposition up at a meeting of the class A managers next Tuesday night.

CLASS-B TEAMS COULD PUT IT TO GOOD ARGUMENT.
Charles Graham, manager of the San Francisco Seals and who is to be the Tuesday afternoon of the TRIBUNE league to allow a series between the Seals and the "B" players. Graham has been asked to do this, and he will put the proposition up at a meeting of the class A managers next Tuesday night.

The class B race has been practically clinched by the Seals. The Seals have won the first two games of the series and are looking for a third win. The Seals have won the first two games of the series and are looking for a third win. The Seals have won the first two games of the series and are looking for a third win.

Another attractive game on next Sunday's class B schedule is the contest between the Seals and the "B" players. The Seals have won the first two games of the series and are looking for a third win.

Red Powers, manager of the Union Construction Club, has at least agreed to play the Seals. The Seals have won the first two games of the series and are looking for a third win.

A game and a half lead over their nearest rivals and having only two more to play, makes it look like the Seals will win the series. The Seals have won the first two games of the series and are looking for a third win.

It is pointed out that during the Christmas holidays a combined Stanford and California Rugby team defeated the British Columbia team. The Seals have won the first two games of the series and are looking for a third win.

Two sides, left fielder for the Seals, was the fielding and hitting of the day. The Seals have won the first two games of the series and are looking for a third win.

Descamps Has Never Heard About Offer from Coffroth

PARIS, Jan. 9.—No offers for the Dempsey-Carpentier fight can be considered until February, when the option which Charles B. Cochran has on the Frenchman's services expires.

This was a part of the denial offered today by Manager Descamps that he had accepted the terms of James W. Coffroth, American promoter, to put the European champion in a ring with Jack Dempsey at Tia Juana for forty-five rounds.

"I wish to lay stress on the statement that I have never discussed this alleged Coffroth offer, neither have I given anyone cause to quote me as favoring the supposed terms of that bid. The most important reason is that I have not received, directly or indirectly, any offer from Coffroth," Descamps said.

BASKETBALL

Just about twenty-four hours remain for managers of basketball teams entered in the Oakland TRIBUNE League to file with the league secretary the names of players they intend to use during the season. Each manager can turn in the name of ten players, and they must be in to Chester Grinnett at Spalding's by 6 o'clock tomorrow night. The weight of each player must be given. A meeting for the league officers will be held at Spalding's tomorrow night, at which the schedule for the season will be arranged, as well as the setting of a date and place for each player to weigh in. Managers should not delay in sending in the signed contracts of their players to the secretary, Bill Hollander, president of the league, will preside at the meeting.

Although tomorrow night is the date for the playing of the first game in the California-Nevada Intercollegiate basketball league, the league secretary has not yet received the list of players from all teams and also the names of some of the officials for games. However, the league will open its season tomorrow night when the Stanford and St. Ignace teams will occupy the court at St. Ignace's gymnasium in San Francisco.

The St. Ignace's Athletic club, which has been playing basketball since 1917, has a team which is said to be one of the best in the state. The team will play its first game tomorrow night at St. Ignace's gymnasium in San Francisco.

ROBINSON BEATS FORTNEY Dundee and Denny Migrate ORTEGA AND DARCY READY

By BOB SHAND

They knocked 'em down and dragged 'em out fast at Vallejo last night, and the big crowd of Oaklanders that took in the battles came home well satisfied. The first fight lasted a minute and a half—the second went a little more than a round—the third was over in the first and the fourth finished in the third. In the main event of the show Salinas Jack Robinson and Sailor Jimmy Fortney stood toe to toe and slugged their way through four hurricane rounds. Robinson knew too much for the Goat Island sailor and was given the decision. Fortney was all cut up, but the navy representative proved a gamewaster by taking everything that Robinson had to offer and came back for more. Fortney boxed a tough draw with Tommy Hayes the previous evening in Oakland, while Robinson had a battle with "Kid" Doolan at the Association Club Wednesday night.

BASEBALL GOSSIP

By MAURY PESSANO.

Red Powers, manager of the Union Construction Club, has at least agreed to play the Seals. The Seals have won the first two games of the series and are looking for a third win.

A game and a half lead over their nearest rivals and having only two more to play, makes it look like the Seals will win the series. The Seals have won the first two games of the series and are looking for a third win.

It is pointed out that during the Christmas holidays a combined Stanford and California Rugby team defeated the British Columbia team. The Seals have won the first two games of the series and are looking for a third win.

SCHOOL GIRL IS MISSING 4 DAYS; HINTED SUICIDE

HAYWARD, Jan. 9.—The dread of 15-year-old Cecilia Amaral that she would not graduate from the Hayward grammar school may have led her to commit suicide is the fear of her relatives and the Hayward police who have been looking for her for four days. She disappeared Monday.

Consistent Albert Connel, 37, Nightwatchman Fred S. Halling have been securing the bed of San Lorenzo creek for two days on the theory that she may have been there.

Cecilia lived with her grandmother here at one of the canneries. Recently, her grandmother says, she has been somewhat gloomy over the prospect that she would not pass the grammar school examinations which are now being held, and she is said to have made a threat that she would never be seen again if she did not graduate.

Her father works at Crockett but inquiry there has failed to reveal any trace of her.

She is described as four feet seven inches in height, with dark hair and eyes and a fair complexion. She wore a blue sweater and a pink shirt.

EXPECT LANDING AT HANCO.
COPENHAGEN, Jan. 9.—The 245 undesirable deportees from the United States, on the Soviet Ark, which will be landed at Hanco, England, will proceed to Russia by rail. It was said here they will be taken to a camp.

Missing S. F. Boy Sought Here by Mother's Friends

ELMER GARVEY

Tactless old Elmer Garvey is thought to be somewhere in Oakland and is being sought by friends of his mother, Mrs. F. Garvey, of 1510 Broadway, San Francisco. The boy ran away from home Monday afternoon and had \$25 with him. He is about 15 years old and is said to be a very good student. He is described as being small for his age and having blue eyes and brown hair. When last seen he wore a red and white striped shirt and a new pair of black leather shoes.

How Competition Helps You

The competition that exists among the hundreds of meat distributors, large and small, means

Rivalry in Prices
Rivalry in Service
Rivalry in Economy
Rivalry in Quality

Swift & Company sells meat at the lowest possible price, consistent with quality and service. Our profit of only a fraction of a cent a pound on all products is evidence of keen competition.

Swift & Company must provide the best service to your dealer or he will buy from our competitors. This means a supply of fine fresh meat always on hand for you at your dealer's.

Swift & Company must keep down manufacturing and selling costs, and use all by-products to avoid waste, or else lose money meeting the prices of competitors who do.

Swift & Company must make its products of the highest quality, or see you turn to others. This means better meat for you and a greater variety of appetizing, wholesome food.

We are as glad for this competition as you should be. It helps to keep us on our mettle.

SCHOOL GIRL IS MISSING 4 DAYS; HINTED SUICIDE

HAYWARD, Jan. 9.—The dread of 15-year-old Cecilia Amaral, that she would not graduate from the Hayward grammar school may have led her to commit suicide as the fear of her relatives and the Hayward police who have been looking for her for four days. She disappeared Monday.

Constable Albert Cunha and Nightwatchman Fred Schilling have been scouring the bed of San Lorenzo creek for two days on the theory

that she may have committed suicide there.

Cecilia lived with her grandmother here at one of the cannery cottages. Recently, her grandmother says, she has been somewhat gloomy over the prospect that she would not pass the grammar school examinations which are now being held, and she is said to have made a threat that she would never be seen again if she did not graduate.

Her mother works at Crockett but inquiry there has failed to reveal any trace of her.

She is described as four feet seven inches in height with dark hair and eyes and a fair complexion. She wore a blue sweater and a pink shirt.

EXPECT LANDING AT HANGO.

COPENHAGEN, Jan. 9.—The 248 unidentified bodies of men from the United States on the S. S. Ark, probably will be landed at Hango, Finland, and will probably be buried there.

Missing S. F. Boy Sought Here by Mother's Friends

ELMER GARVEY

Two-year-old Elmer Garvey is sought by his mother, Mrs. J. Garvey, of 1410 Broadway, San Francisco. The boy ran away from home Sunday.

Mrs. Garvey believes the lad was in Oakland as the family formerly lived on this side of the bay. She has asked the police to aid in the search for her missing son.

Elmer Garvey is described as being about 24 months old, with blue eyes and brown hair. He is wearing a blue corded sweater and striped shirt and a new pair of patent leather shoes.

OFFICIALS IN RED CASES STRICKEN

CHICAGO, Jan. 9.—Five officials who have been active here in rounding up Chicago "reds," are ill today with high fever and an investigation may result. Those ill were all working in the part of the federal building where the "reds" were given hearings.

Those ill are Assistant United States Attorney Creighton, Investigator P. J. Rooney, John Brenna, Jacob Spolansky and Leon Willis, all connected with the department of justice. All were taken ill at about the same time and the symptoms are the same.

CHARLES E. COON DIES.

SEATTLE, Jan. 9.—Charles E. Coon, 75, at one time acting secretary of the treasury under President Arthur and from 1905 to 1906 lieutenant governor of Washington, died at Port Townsend, Wash. He was unmarried.

14c PER QUART

IF MONTHLY BILL IS PAID IN ADVANCE

The Housewives' Leagues

of Oakland and Berkeley were informed by us recently that we would sell milk at 15c a quart, provided we could be certain of our milk supply. This assurance has now been provided.

We, therefore, are keeping our promise to the Housewives' Leagues and the Public and are reducing the price on quarts to 15c and establishing the Pay-in-Advance plan on monthly milk bills.

OUR PRICES ARE:

	If Month's Supply Is Charged	If Monthly Bill Is Paid in Advance
Pasteurized Milk, quarts—	15c	14c
" " pints—	9c	8 1/2c
Certified Milk, quarts—	23c	22c
" " pints—	14c	13c
Table Cream 1/2-pint—	20c	19c
" " 1/4-pint—	10c	9 1/2c

These prices apply to your entire January bill.

If you wish to take advantage of the Pay-in-Advance saving pay our driver or collector when he calls, or better yet, Mail us your check. DON'T WAIT FOR A BILL!

How Competition Helps You

The competition that exists among the hundreds of meat distributors, large and small, means

Rivalry in Prices
Rivalry in Service
Rivalry in Economy
Rivalry in Quality

Swift & Company sells meat at the lowest possible price, consistent with quality and service. Our profit of only a fraction of a cent a pound on all products is evidence of keen competition.

Swift & Company must provide the best service to your dealer or he will buy from our competitors. This means a supply of fine fresh meat always on hand for you at your dealer's.

Swift & Company must keep down manufacturing and selling costs, and use all by-products to avoid waste, or else lose money meeting the prices of competitors who do.

Swift & Company must make its products of the highest quality, or see you turn to others. This means better meat for you and a greater variety of appetizing, wholesome food.

We are as glad for this competition as you should be. It helps to keep us on our mettle.

Industrial NEWS EAST AND WEST. Shipping. DAYS EVENTS IN WORLD OF Finance.

IRREGULAR RANGE OF PRICES RULE IN WALL STREET

NEW YORK, Jan. 9.—The irregular range of prices at the business opening of today's stock market continued to express the mixed views of traders. Several of the high-priced oils were strong, while those of less prominent reputation showed moderate reactions. The same uncertain course was followed by the rubber market, which was slightly lower in the outset, but soon strengthened on the 1 1/2 per cent stock dividend declared yesterday. Equipments moved within a limited area and rails were only occasionally quoted. The trend of the day's trading followed:

FOREIGN.—The few important rates of the first half hour were foreboding when pressure against leaders became more insistent. United States Rubber reacted two points, motors and related issues 1 to 2 and steels, equipments, tobacco and leather 1 to 2. Aside from tentative buying of several specialties and utilities, notably Industrial Alcohol, Columbia Gas and Philadelphia Oil, the market was fairly active and mostly higher for the balance of the forenoon. The six per cent opening rate for call money declined to effect more than feeble rallies.

AFTERNOON.—The monotony of the first hour was relieved by a moderate but general rebound of stocks, equipments and oils. The early losses were turned buyers, which, with support from Wall Street, started a rally and prices were carried level. The closing was irregular. Sales approximated 750,000 shares.

LIBERTY BOND PRICES

NEW YORK, Jan. 9.—Prices of Liberty bonds at 2:55 p. m. were: First, 100, 101 1/2; second, 100, 101 1/2; third, 100, 101 1/2; fourth, 100, 101 1/2; fifth, 100, 101 1/2.
